WANT HELP WITH WHAT TO WATCH THIS MONTH? FILMMAKER AND DIRECTOR KAM RASLAN MAKES THE CASE FOR THESE MOVIES.

↑ BOHEMIAN RHAPSODY

The musical biopic is a difficult thing to pull off. A movie about the British rock band Queen and its lead singer Freddie Mercury needs to be sympathetic, even mythologising, to satisfy the die-hard fans, critical enough to satisfy the fence-sitters (me), and it must present the music as entirely fresh and relevant for a young audience that has never even heard of Queen. I'm not a huge fan of Queen, but *Bohemian Rhapsody*, just like Mercury's remarkable voice, hits all the right notes.

If you're flying into London, then your luggage might be handled by a future Freddie Mercury, because that's where we first meet him in the movie, as a Heathrow baggage handler. A poor boy from a not-entirely-poor Farsi family originally from Zanzibar, in 1970 the then-Farrokh Bulsara meets a failing band – then called Smile – and transforms it into Queen and himself into Freddie Mercury. With Mercury's electric and larger-than-life personality and stage performances, the band quickly finds solid success before rising to stratospheric global heights with the release of its epic song *Bohemian Rhapsody*, which despite being over 40 years old is the most-streamed song from the 20th century at 1.6 billion streams.

Rami Malek must win an Oscar for his portrayal of Mercury. (Editor's note: Oscars 2019 will take place on 24 Feb). He captures

the restless energy, perfectionist drive and loneliness of Mercury with great poignancy. But it is when portraying the stage performances of Mercury that Malek truly delivers a doppelganger reminder of the late great singer. By a quirk of production scheduling, Malek's first day of filming had to be the rendition of Queen's performance at the Live Aid concert in Wembley Stadium in 1985. Talk about being dropped in at the deep end, because Mercury's performance that day is widely regarded as one of the finest-ever live acts!

Freddie Mercury experienced rock and roll's highs and great lows. He was a gay man at a time when it had to be a guarded secret. He refused to allow his demise from AIDS define what he had been, and the movie respects that wish. *Bohemian Rhapsody* is as poignant, exultant, Scaramouche and Fandango as the song itself.

↑ READY PLAYER ONE

Many of the people who imagined and invented our future came of age in the long-ago 1970s and 1980s, a time of big hair, dial telephones and vinyl records (kids, ask your grandparents what's a telephone). Their imaginations fuelled by the optimistic sci-fi of Walt Disney and Saturday morning kid's TV shows like *Flash Gordon In The 21st Century*, the likes of Steve Jobs and the Silicon Valley

pioneers imagined a future of unlimited potential where computers could be owned by anyone, and filmmakers like Steven Spielberg created epic yet personal fantasies like *E.T.* and *Close Encounters Of The Third Kind* where aliens visited us with good intentions. The future was going to be good. And yet somewhere along the way, the imagined future became bleak and dystopian. There's no fun with jet packs and flying cars, but instead it's the barbarism of *Maze Runner* and *The Hunger Games*.

With *Ready Player One*, director Steven Spielberg has imagined a world that is, yes, dystopian but with his customary touches of redemption and optimism. The future can be good again, if it's switched off on Tuesdays and Thursdays – watch the movie and that'll make sense.

Based on Ernest Cline's best-selling novel, the film is set in 2045 in a world that has been overwhelmed by a virtual reality game called Oasis. People no longer want to face their awful realities, and instead, they live inside an exciting virtual reality where they can do anything and be anyone. The game's eccentric inventor and his company have become the richest in the world, but now he has died and bequeathed the whole thing to anyone who can solve three riddles inside Oasis. In steps our young and innocent hero.

Ready Player One is a thrill-ride mix of *Charlie And The Chocolate Factory*, *Tron* and the ancient legend of King Arthur's search for the Holy Grail (our hero's Oasis avatar is Parzifal, the knight who eventually found the grail). Along the way there are dozens of 1980s pop culture references to things like *The Shining*, Duran Duran and *The Breakfast Club*. Our future can be good again, if we go back to the future.

Bohemian Rhapsody and *Ready Player One* are playing onboard. Check your in-flight entertainment system for channel information.

Passengers with AVOD can enjoy a host of radio shows across a range of genres. Channel numbers depend on the aircraft. Check your aircraft type and then on your in-flight entertainment system to find out.

Multi-talented Malaysian singer **Uriah See** fell in love with music at a tender age. He started playing the piano at four, the violin at 10 and the guitar two years ago. Winner of the Astro Star Quest Chinese Singing Competition in 2014 and later, the TVB International Chinese New Talent Singing Championship in Hong Kong, the 23-year-old sits down with *Going Places* for a chat.

How and when did you first get into music?

I was four years old, the first few memories of me sitting by the piano, figuring out the sound of the keys. My mom is a piano teacher, so she taught me everything I had to learn about music. I am classically trained. I took up opera singing lessons at the age of six and learned to play the violin at 10.

You went to South Korea earlier this year to undergo K-pop-style training. What was the experience like?

All I can say is, all that you have heard about K-pop training is all true, from the vigorous training to the packed schedule of non-stop practice. Having said that, I did enjoy every moment of it.

Your new image is very different from the past. What prompted this change?

I've always liked EDM – trap, future bass, K-pop – that kind of stuff. So I took the leap and tried it out.

You not only sing but also act and host. Are they more challenging than singing?

I wouldn't say so. I enjoy all of them just as much.

What was the inspiration behind your new *Now or Never* single?

After being "stagnant" for about a year and a half, I poured all of my anxiety and frustration into this song, but in a positive manner. It's a song about making things happen, and that the time is now. Otherwise, it's never going to happen. It's either you dream big or you go home.

You won Malaysia's Astro Star Quest Chinese Singing Competition in 2014, then the TVB International Chinese New Talent Singing Championship in Hong Kong when you were just 19. How did things change for you after these wins?

Everything changed after that. Initially, I never had plans to be in the entertainment industry. Joining the competition was purely for fun. I was planning to further my studies, but after winning the competitions, I found myself in the entertainment industry. So in a way, it was quite a drastic change in direction for me. I needed some time to get used to the overnight change.

Who are some of the artists, both local and international, that you'd like to work with in the future?

I'd definitely like to work with Ismail Izzani, Wang Leehom, and Adele!

Who are your musical icons?

Adele, Justin Bieber and Michael Bublé.

You are also into sports. Do you still make time for it, what with your busy schedule?

I used to play badminton for the Johor state team. I still do play regularly – 2-3 times a week.

What are your plans for 2019? An album, perhaps?

Yes! My album will be released in the middle of 2019. There will also be a mini concert! Thereafter, I will be on tour in China and Taiwan.

Uriah See's two singles – *Now or Never* and *My Journey* – are playing onboard this month. Find them under the Pop Asia genre in the Radio segment of your in-flight entertainment system.
