Approval for SafeTravel Pass Application for Travel from Malaysia to Singapore

Dear **JOHN TAN**
XYZA Trading Pte Ltd

1. We are pleased to inform you that your SafeTravel Pass application for the traveller(s) listed in **Annex A** has been approved for their travel to Singapore, and is valid for a single entry to Singapore from **02/11/2020 to 08/11/2020**. This approval is subject to full compliance with the Terms and Conditions as set out [here](#), and all prevailing immigration and health policies.
2. This SafeTravel Pass approval is **not** a visa or Visit Pass for entry to and stay in Singapore. Travellers holding passports which require a visa for travel to Singapore must obtain a valid visa before the trip. You may refer to the Immigration & Checkpoints Authority (ICA)'s website for more details on [visa requirements](#) and application. If you have a valid visa which was suspended due to the COVID-19 pandemic, ICA will lift the suspension for the validity of your earlier approved visa and you will not be required to obtain a new visa. You may check your visa status [here](#). **Upon arrival in Singapore, ICA will issue a Visit Pass for entry to and stay in Singapore, subject to fulfilling the prevailing entry requirements.**
3. Please note that prior to the traveller(s)' departure for Singapore, you must submit the following via this link [here](#):
 - i. Negative result of COVID-19 polymerase chain reaction (PCR) test from medical institutions designated by the Ministry of Health Malaysia within 72 hours from departure. (The list of accredited laboratories by the Ministry of Health Malaysia can be found [here](#). The list of accredited private clinics and private hospitals by the Ministry of Health Malaysia can be found [here](#));
 - ii. Controlled itinerary in Singapore for the first 14 days (click [here](#) for template); and
 - iii. Confirmed arrival details in Singapore, including flight number (if applicable) and date of arrival.
4. Upon your arrival in Singapore, you will be required to take a COVID-19 polymerase chain reaction (PCR) test at your own cost. For arrivals by air, please register and make payment for the test at

<https://changiairport.com/safetravel> before arriving in Singapore to minimise processing time at the airport. For arrivals by land, payment will be collected on-site. You are also required to bear all medical costs incurred during your stay in Singapore.

5. Please note that any Visit Pass issued to you is subject to the accompanying terms and conditions as set out [here](#). Non-compliance with any of the Terms & Conditions may result in you being refused entry or your Visit Pass being cancelled.
6. Please present an electronic or physical copy of this letter to the airline and/or immigration staff at pre-departure checks, and at the ICA's checkpoint upon arrival in Singapore.

Thank you.

ON BEHALF OF THE SAFE TRAVEL OFFICE
